

Our Core Values for children in the EYFS at Tinsley Meadows

In FS1 and FS2 at Tinsley Meadows:

- Children have the opportunity to engage with open-ended activities in an enabling environment, developing their self-regulation skills.
- Children have the chance to engage in a range of meaningful, first-hand experiences to enrich their lives.
- Children explore and investigate a rich environment, both inside and outside, using all their senses.
- Children work with knowledgeable, caring and enthusiastic adults who are good role models.
- Children learn through play and are encouraged to develop strong, close, respectful relationships with other children and adults.
- Children learn about right and wrong and how to manage conflicts and disagreements through negotiation.
- Every child is supported to reach their full potential and succeed intellectually, socially and emotionally.
- Every child matters. They are supported and respected as individuals and valued and treated equally. We adapt our approaches to suit the needs of all our children.
- Talk is at the heart of good practice and every child should be supported to communicate their needs, wants, feelings and interests.
- Every child feels safe.
- Parents are essential in the development of the whole child. We always encourage the involvement of parents to support their child's learning. They are partners in their child's learning.
- We help children to develop a positive sense of self, by helping them to develop their self-awareness and self-esteem and to develop confidence in their own abilities.
- We value and respect all languages, cultures and religions.
- Every child should have fun and enjoy every school day.
